The British Legion have kindly asked that parents of pupils in the parade do not try and walk alongside the procession as this makes it very congested. In future years, we may be asked to meet at the cenotaph rather than taking an active role in the procession if congestion does not improve.</p> <p>If you would like your child/ren to take part in the procession, please let Mrs Porter know.</p>	<p><b>Congratulations to last week's Headteacher's Award winners</b></p> <p><b>Reception</b>          Seville          Jack          Lilly</p> <p><b>Y1</b>          Aaron          Drew          Theo</p> <p><b>Y2</b>          George          Spencer          Benjamin</p> <p><b>Y3</b>          William          Evie          Lilly</p> <p><b>Y4</b>          Boey          Stephanie          Logan</p>
   	<p><b>Weekly round up – Y4</b></p> <p>Year 4 have been studying Electricity in Science, and the Stone Age in History and through both of these have thought about important inventions.</p> <p>This week in year 4's topic lessons we have been designing a lamp. We have combined our Design Technology and Science skills. The lamp will include a circuit and a switch. We made our own switches in science using our learnt knowledge of conductors and insulators.</p> <p>In poetry week we really enjoyed the poem the Jabberwocky, writing our own versions, and we will use this poem to inspire the artwork on our lamps. The poem has amazing creatures in.</p> <p><b>Attendance Winners</b> last week were Year with 100%. Well done!</p>	<p><b>School Notices</b></p> <p>Middle School and Reception starters 2020 applications open on 1<sup>st</sup> Nov.
