

## Long Term Plan DT

At St Michael's, we strive for the children to be able to design, create and evaluate products, using clear vocabulary and making links to other subjects where possible. We would like the children to take risks in their learning and become critical thinkers, using practical skills to do so.

Year Group	Autumn	Spring	Summer
1	<i>Woodwork - How to build a working carriage</i>	<i>Cooking</i>	<i>Sewing - Animal puppets</i>
