

# St Michael's Mail

Monday 27<sup>th</sup> April 2020

Welcome to this week's bulletin!

- Attached to the bulletin email you will find a number of resources which may be helpful to you. The first is a help sheet to support you reading at home with your children. The second is a document designed to support you in developing good home learning routines. There is a video linked to this fact sheet which can be found [here](#).
- Today you will also be receiving an email with a recorded act worship that children (and families) can engage with. I will be sending a similar worship each Monday to replace my normal Monday worship with the children. Look out for additional worships from Greg and if you would like to explore other available acts of worship visit the Lichfield Diocese page [here](#).

And finally...

Please continue to send your magical moments, we love to see what the children are up to each week.

Take care and stay safe everyone!

Mrs Cahalan

Esmee-Rose (R) used her maths skills to calculate the points she was scoring in rounders. Esmee had never played rounders

before but by all accounts she is pretty good!

Imogen (N) has been working so hard on so many different skills in the last week. As well as her Maths and Literacy learning, she also did some very important party prep for Daddy's birthday!

Here is Millie (N) who has loved learning about the Three Billy Goats Gruff. It's great to see that she is making the most of the sunshine!

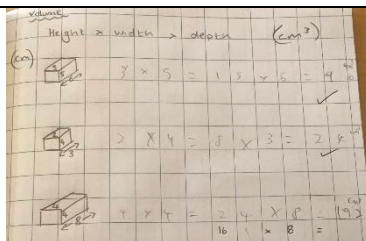

Check out the Parish Church facebook page for details of a Messy Church Quiz scheduled for Tuesday 5<sup>th</sup> May.

There is also talk of a virtual messy church at a later date!

Flynn (Y2) has been working hard on his Maths skills. Can you spot what he is using for counters?

A great idea and incentive!

Daniel (Y4) extended his learning about 3D shape this week to finding he volume! Well done Daniel, some great Maths skills here!

Dear Tim Rowlands  
You as chair and the rest of Penkridge Round Table are doing a wonderful job, though this unfortunate time. I am amazed by the amount of work you all are still doing for our community, especially raising over £5000 for sps, for our front line and key workers.  
I have been thinking of what we could do as a community to celebrate when the Covid 19 crisis is all over. I think it would be nice for the whole of Penkridge to come together for a village fair or garden party to have fun with friends and family. Maybe it would be a good start to our freedom.  
I am and I'm sure others are really appreciative for all that you and the Round Table do for us, to help our community at this time.  
Thank you so very much for helping us every day.

Sincerely from  
Jessica Ball x

Jess (Y4) wrote to a leader that she is proud of. What a fantastic thing to do! She also wrote and recorded a speech as a leader. She definitely has Downing Street potential!

Look at Freya's (Y4) lovely frog! She has also been busy building 3D shape models.

Keep up the good work!

# St Michael's Mail

Ashley (Y4) has been busy making drop scones, he served them with strawberries and cream. What a treat!

Maisie (R) made 3D shapes and used them to make this fairy! I can see cones and cylinders, well Done!

Olivia (Y2) has been busy with her school work but has also mastered the art of roller skating! Great skills!

Seville (R) worked really hard on her recount of the Easter Story. She added pictures to it including a picture of the Easter eggs that were in

her garden. Well done!

Tully (Y4) has been making Oobleck in his kitchen. Oobleck is really cool because it acts as a solid and a liquid!

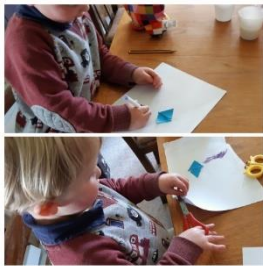

Great Science Tully!

Happy Birthday to Pheobe (Y2) who turned 7 last week

and as well as working her way through her science project with Isabelle (Y4) she also worked her way through a gorgeous flamingo cake!

Here is Toby from Nursery who drew Jesus in the boat, using triangles to make the sails. Here he is practicing his cutting skills. Well done Toby!

As well as a fantastic History project on Florence Nightingale, Evie (Y1) has been demonstrating our kindness value this week. She worked with her sister to bake lots of tasty treats and delivered them to elderly neighbours doorsteps! Amazing!

Arthur (Y1) took inspiration from the song send home in his learning pack and created a crown fit for the 'King of Kings'!

Spencer (Y2) has been using his daily exercise to perfect his climbing skills but also to take photographs which he has used to write recounts of his adventures. Well done Spencer!

Look at this for a den! Isabel (Y3) and Bradley (Nursery) have been making the most of their time outdoors. Well done guys!

Lucas (Y3) created this fab frog fact sheet and showed great perseverance in making his palm cross. Does anyone else think that his frog looks mischievous?
