Dear God

Thank you for the new life

Easter is a time to be grateful for what Jesus did for us. Thank you Jesus for giving your life for us all and dying on the cross for us

We thank you God for the leaves on the trees, the flowers in your land, the birds singing and the sun shining at Eastertime. Please bless us with love and care always and we ask for Easter blessings to keep my family, my friends, my neighbours and my teachers all safe. Give us joy in our hearts

Spring shows us pretty flowers and chocolate eggs and time together to have fun and more importantly remember that when Jesus died the earth shook and on the third day he rose from the dead

Please visit our home with your bright blessing of peace and life

Amen
